

BIOGRAPHY

Following his post-graduate research in Computer Science at Jozef Stefan Institute in Ljubljana, **Tomi Dolenc** is now a project manager at Academic and Research Network of Slovenia – ARNES. Most of his work during the 11-year period with ARNES has been focused on supporting network services for schools and introducing ICT to education.

Since 1999 he's been involved with Safer Internet issues, representing Slovenia in European Schoolnet project DOT.SAFE. Currently he is taking part in SAFE-SI, establishing a national awareness node.
