

BIOGRAPHY

Tomaž Kalin served as a General Manager of DANTE from September 2002 to September 2004. He has worked in the networking area for over 30 years. He started in 1972 in the COST 11 Project "European Informatics Network" as the Assistant to the Director, and later as the Project Leader of the successor project COST 11bis. In the eighties and early nineties he was the Head of a "Jozef Stefan" Institute and taught at the Computer Science Department of the University of Ljubljana.

He later served as the Secretary General of TERENA, and prior to joining DANTE, he was appointed to the position of the State Secretary in the Ministry of Information Society in Slovenia, responsible for telecommunications.

Dr Kalin is currently a consultant to DANTE.
