

BIOGRAPHY

Siniša Tomić, B.Sc. is an expert associate at the Faculty of Electrical Engineering and Computing (FER), Zagreb. He is currently a postgraduate student at the same Faculty in the field of computer engineering.

He has been involved with Internet for more than ten years - from its very beginning in

Croatia. His main focus is web technology. Most of the software he developed in last few years used Internet and web as core technology.

He has been lead programmer of the Learning management system (LMS) integration project that involved integration of FER's Content management system with three different LMS solutions: WebCT, AHyCo and Moodle. He's also a member of the Reference center for evaluation of courseware.
